EVALUATION OF PRESENTATION

V.Ryan © 2009 World Association of Technology Teachers

Evaluating a practice presentation is important as it will identify areas for improvement and allow you to prepare professionally for the next presentation. After your presentation complete the questions below.

1. Did the your teams presentation go well? At this stage do not ask the opinion of anyone else. Explain your own answer.

2. Ask one of the audience how they felt your team's presentation went. Ask them to explain their comments.

3. What could be improved? Include your views and the views of the audience.

4. How did each member of the team perform? For example did they face the audience? Did they prepare a script?
