THE EASTER BUNNEY - RECYCLING

An additional recycling 'bunny' is to be added to the recycling label, giving three in total. This is to encourage recycling of the part of the packaging that is plastic (Polythene).

1. Accurately complete the drawing of the third bunny.
2. Add the term "PLASTIC" between the guidelines on the recycling bin.
3. The colour scheme of the third bunny is to reflect the array of coloured plastics we see in packaging. Add colour / shade using an appropriate technique.
