Study the picture of the polishing / buffing machine. Machines such as these can be dangerous, if they are not risk assessed first.

Complete the hazard table for this piece of equipment.

Complete the table. Some of the answers have been already been entered.

HAZARD	SAFEGUARD
Small pieces of material and polish can 'fly' towards the operator	Wear safety goggles and press the work gently against the 'mop'.
The work could 'fly' out of the operators hands.	
Lose clothing, such as a tie, could be caught into rotating part of the machine.	

What is the Health and Safety at Works Act and why is it important for all workshop users to follow it guidance?
